

Thursday, September 06, 2007

	J McIntyre: Prestonfield	J McIntyre: Holyrood	South Hall: Theatre	South Hall:Room 1	South Hall:Room 2	South Hall:Room 3	Abden House:Drawing Rm
09:00	Problem Structuring Methods - MARVEL: Tutorial & Discussion <i>Erik Van Zijderveld, Etiënne Rouwette</i>			Health Care Modelling - Making sense of our models <i>Martin Pitt</i>	Simulation - Conceptual modelling in health care <i>Katholiki Kotiadis</i>		
09:30		Data Envelopment Analysis - Efficiency effect of mergers <i>Kristof De Witte</i>	Health Care Modelling - An application of Value of Information Analysis <i>Stuart Mealing</i>	Health Care Modelling - Non-parametric efficiency analysis of UK hospitals <i>Karligash Kenjegalieva, Alejandra Duenas, Jim Chilcott</i>	Simulation - Comparing the use of simulation models (DES & SD) <i>Antuela A. Tako, Stewart Robinson</i>	Credit Risk - Graphical validation in credit-scoring models <i>Ricardo Rony Reyes Pino, Daniela Maria Zenteno Langle</i>	Community OR - Navigating Through the Swamp of a Healthy Living C <i>Jennifer Jackson</i>
10:00		Data Envelopment Analysis - Using DEA for Evaluating Employment Centres <i>Sergio Santos</i>	Health Care Modelling - Evaluation of RhD NIPD technology <i>Leeza Osipenko, Ala Szczepura, Karoline Freeman</i>	Health Care Modelling - Holy Grails, tin helmets and the 4-item breakfast <i>Martin Utley</i>	Simulation - Improving lead times with dynamic pricing <i>Jonathan Malpass</i>	Credit Risk - SVM for credit scoring & feature selection <i>Tony Bellotti, Jonathan Crook</i>	Community OR - Impact Evaluation <i>Martha Vahl</i>
10:30	Refreshments						
11:00	Problem Structuring Methods - MARVEL: Tutorial & Discussion <i>Erik Van Zijderveld, Etiënne Rouwette</i>	Data Envelopment Analysis - Educational efficiency <i>Kristof De Witte</i>	Health Care Modelling - CEA of Laparoscopic surgery <i>Robyn De Verteuil</i>	Health Care Modelling - Symbiosis between DES and SD <i>Kirandeep Chahal, Tillal Eldabi</i>	Simulation - Developing a methodology for soft variables simula <i>Adriana Ortiz, Jose M. Sarriegi, Javier Santos</i>	Credit Risk - Predicting failure of a small business <i>Shu-Min Lin, Jake Ansell, Galina Andreeva</i>	Keynote: Community OR - Why do OR? <i>Jonathan Rosenhead</i>
11:30	Problem Structuring Methods - PSM's and Reflexive Sociology <i>Ashley Carreras, Parmjit Kaur</i>	Data Envelopment Analysis - Agricultural Productivity Growth <i>Ajao Olajide, Azeez Kunle, Odeniyi Kehinde</i>	Health Care Modelling - Stochastic MP approach to resource allocation <i>Claire McKenna</i>	Health Care Modelling - Resource uilization in U.S. hospital Market <i>Herve Leleu, Vivian Valdmanis, Gary Ferrier</i>	Simulation - Comparison between system dynamics and discrete <i>Kirandeep Chahal, Tillal Eldabi</i>	Credit Risk - Insight into the default rate of start-up firms <i>Kuangyi Liu</i>	
12:00	Multi Criteria Decision Analysis - MCDA Appraisal of Energy Efficiency Initiatives <i>Luis Neves, Luis Dias, Carlos Antunes, António Martins</i>		Health Care Modelling - Structural uncertainty: HPV vaccine CEA <i>Mark Jit</i>	Health Care Modelling - Unwarranted Variation in NHS Intervention Rates <i>Stephen Black</i>	Simulation - Reducing subjectivity when constructing models <i>Adriana Ortiz, Sarriegi Jose Maria, Javier Santos</i>		
12:30	Lunch						

Thursday, September 06, 2007

	J McIntyre: Prestonfield	J McIntyre: Holyrood	South Hall: Theatre	South Hall:Room 1	South Hall:Room 2	South Hall:Room 3	Abden House:Drawing Rm
13:00	Lunch						
13:30	Plenary - Mark Elder - 'Running a Simulation company - Learning from a 12 year trial'						
14:00							
14:30	Refreshments						
15:00
